

Nicole Breslin is new Administrator at Campion Health Center

Campion Health Center has named Nicole M. Breslin as Administrator, succeeding Nancy Herrmann who retired after 15 years of service. Campion Health Center, located on the campus of Campion Retreat Center in Weston, Mass., is the home to 70 retired and infirm Jesuits.

As administrator, Breslin is responsible for planning, organizing, and staffing at the healthcare facility to ensure quality of care for residents. She is also responsible for operations and maintenance of the facility to ensure compliance with federal, state, and local laws and regulations.

Prior to joining Campion, Breslin was the Operations Specialist for Covenant Health Systems where she assisted in system-wide quality and environmental initiatives.

“I felt honored and privileged when I was offered the job as Administrator at Campion. All of the Jesuits have been so kind and teach me new things every day. I have truly been welcomed into a wonderful, enriching community. It is so rewarding to give back to men who have given so much to society their entire lives,” said Breslin.

Fr. Paul Holland, SJ, director of Campion and rector for the Jesuit community said, “The search committee was impressed with Nicole’s knowledge, enthusiasm, and vision. We are pleased to have her join our dedicated staff.”

Ms. Breslin graduated from the University of New Hampshire with a Bachelor of Science degree in Health Management and Policy and completed her Nursing Home Administration Training at Maristhill Nursing & Rehabilitation Center in Waltham, Mass. She is a licensed Nursing Home Administrator in Massachusetts, a certified Food Safety Instructor and a certified Retirement Housing professional. Ms. Breslin grew up in Wakefield, Mass, and currently resides in Townsend with her husband Peter who is a police officer in Groton, Mass. Ms Breslin, who was on varsity soccer and softball teams in her youth, enjoys running, hiking, skiing and snowmobiling.

The state of Massachusetts has recognized Campion Health Center as a first-class healthcare facility and issued a deficiency free report during its last review process.
